

## Van Loggerenberg Wines

2023

# 'BRETON'

*Cabernet Franc* | *Stellenbosch - South Africa*

NATURAL

VEGAN

### Stats

**Grapes:** 100% Cabernet Franc  
**Vineyard:** 75% Klein Welmoed - 25% Bluegum Grove  
**Vine Age:** 19-years-old (Klein Welmoed) - 15-years-old (Bluegum Grove)  
**Soil Type:** Decomposed granite with ferrocrete in top soil  
**Viticulture:** Sustainable - practicing organic  
**Fermentation:** Native – open-top stainless-steel (25% whole-bunch)  
**Skin Contact:** 9 weeks  
**Aging:** 11 months in concrete (40%) and used 500L French puncheons (60%)  
**Alcohol:** 13.5%  
**pH:** 3.6  
**Total Acidity:** 5.4 g/L  
**Total SO2:** 70 ppm  
**Total Production:** 500 cases  
**UPC:** 0700083594266

### About

The name 'Breton' is from the old French name in the Loire Valley for Cabernet Franc. Lukas and Roxanne chose this name as it was while on a trip to the Loire that they decided to create Van Loggerenberg Wines. The silhouette of the woman symbolizes the elegance of Cabernet Franc and is emphasized again by the Percheron horse. This breed is always perceived as this rough brute of a horse but Lukas finds elegance in its sturdiness, which is quite similar to Cabernet Franc. The bluegum tree represents the original block of the Carinus' 'Bluegum Grove Vineyard', which was the first vineyard Lukas sourced and continues as a core of the wine today. In order to grow the production, Lukas poked around for additional Cabernet Franc in the Polkadraai and got the 'in' for the Klein Welmoed vineyard on the southern reaches of the Polkadraai. The resulting wine is unequivocally one of the world's great examples of this historically maligned but now revered grape. The 2023 vintage saw some rain around harvest time, but all of Lukas' reds were in the cellar before the rains came.

The grapes were hand harvested and then a quarter of the lots remained as whole-bunches while the rest was de-stemmed and sent to stainless steel tanks. One afternoon punchdown was the only method of extraction and this was done over the course of two weeks for the whole cluster portion and an additional two weeks beyond that for the de-stemmed lot, adding resulting depth to the mid-palate. After 9 weeks total, the lots were then pressed directly to older 500L French oak barrels where malolactic fermentation occurred naturally. After ten months of aging the barrels were blended and immediately bottled without fining or filtration.

### Tasting Note

Violet-hued and refined, this Cabernet Franc offers blackberries, plums, cedar, and delicate violets. Medium-bodied with gripping tannins, it unfolds into plush spice and a long, vibrant finish.
