'WANDERER'S HEART'*Cape Red Blend*

"Charming, whimsically packaged red blend more than holds the fort among the illustrious whites. Less grenache than last (41%), with syrah & mourvèdre in ripe-fruited, bright & characterful 2020; gently firm palate, soft textured, delicious long finish. Give it time."

'WANDERER'S HEART'*Cape Red Blend*

"Featuring the highest-ever amount of Mourvèdre (29%), this is a Grenache-based red with Syrah providing the third component. Sourced from across the Western Cape, it's fresh and sappy, with lots of whole bunch spices, fresh acidity, some meaty undertones and a tangy plum and red berry core. 2021-27"

'WANDERER'S HEART'*Cape Red Blend*

"It's a little closed on the nose but opens with aeration, offering red berry fruit intermixed with white pepper, clove and wild fennel. The palate is full of crunchy red fruit, superb acidity and tension and reveals a touch of curry leaf on the finish. Yet another great 2020 from Jon Seccombe." - Neal Martin
