

Ron Burgundy Wines

2019

SONS OF SUGARLAND

Syrah | Stellenbosch - South Africa

About

One grape...one clone...one vineyard...one immensely explosive Syrah that is truly a Syrah for Syrah lovers. The SH99 Syrah clone from the 'Karibib Vineyard' in the Polkadraai Hills in addition to a bit of sulfur is all that makes up this sublime wine. Reenen shares the 11 rows of Syrah with Lukas Van Loggerenberg (for his 'Graft' Syrah) as well as Jean Smit's Damascene wines. This is the highest parcel of this ocean-facing vineyard that gets rammed by the cool breezes. 2019 was a vintage of upmost complexity and elegance and a change of pace in many ways from the previous four. This is also the second vintage for this wine to be 100% from Karibib as the 2015-2017 saw a bit of Boschkloof Syrah brought into the fold. Reenen's goal with this wine is to make it as raw as possible and have a bit of shock value. In a very short time this has risen to Syrah royalty in South Africa alongside Reenen's 'Epilogue'.

The fruit was hand-harvested in one morning and brought back to the winery where the fruit was placed into an open top stainless steel fermenter. Fermentation kicked off naturally after three days of sitting on the skins and stems. Once the fermentation went dry it the wine sat on the skins for an additional 20 days post-fermentation. The lot was pressed to a 15hL concrete egg with gross lees intact and left to age for 12 months.

Tasting Note

A profound wine marked by its incredible perfume and aromatic complexity. Dark ruby with a translucent hue. The nose boasts seductive notes of violets, sweet jasmine, sappy crushed leaves, wood smoke and polished sandalwood that combine with promising aromas of asphalt, melted tar, black olives, cured meats and luscious black berry fruits. The palate is beautifully trim and toned with perfect proportions and silky, elegant savoury tannins that are reminiscent of the Northern Rhône but singularly Stellenbosch. Medium-bodied and seamlessly harmonious in texture, this wine finishes with notes of graphite, black currant herbal tea and crushed blueberries dusted with roughly ground black peppercorn spice.
